AROUND THE CLUB

GROWING CONFIDENCE / TRAINING INTO ACTION / ONE CLUB

MINI BEES CORNER

Two of our Mini Bees enjoyed a fun Tuesday session with the crocodile game, 1v1, and Red Light, Green Light! They finished by joining U8 Coed for a mini scrimmage—a great chance to try their skills alongside our older Bees.
Highlight: Little touches, growing confidence!

U8 COED

Our U8 players are growing in confidence and bringing their training moves into games! They're becoming more willing to take on opponents, try new skills, and learn from mistakes.
Highlight: Confidence trying skills in games.

U10 BOYS

Our U10 Boys played their first 9v9 games this weekend! The new format brought valuable lessons in spacing and team shape, with improving communication, support, and recognition of passing lanes as the weekend progressed.
Highlight: Growing together in 9v9.

ONCE A BEE, ALWAYS A BEE
We'll miss Campbell Hinds and his family as they settle into their new home! Campbell made a huge impact on the field with U8 Coed, and his mom, Kim, has given so much as a board member and Mini Bees assistant coach. We're grateful that Kim will continue serving on our board from afar. Thank you both—you'll always be part of our BVB family!

U12 GIRLS

Our U12 Girls continue connecting individual skills with team attacking and defending. Building from the back improved throughout the games, while positioning, defensive organization, and creating passing options remain areas to develop.
Highlight: Building from the back with purpose.

U13 BOYS

Our U13 Boys are showing stronger communication, confidence, and trust in one another. Purposeful movement and teamwork continue to grow, and a guest player fit in well with the group!
Highlight: Building trust and team connections.

CLUB SPOTLIGHT

The work in training is showing on game day! Across our teams, players are trying new skills, making thoughtful decisions, and supporting one another. We're celebrating those steps forward as we continue putting player development first.

ONE CLUB. ONE BVB.

Different teams. Shared purpose. Growing through effort, teamwork, and a love for the game.

CONGRATULATIONS TO AIDEN PATTERSON

Aiden continues to demonstrate the qualities we value in our players: perseverance, commitment, leadership, and respect for his teammates.

His dedication extends beyond regular team training, as he consistently seeks additional opportunities to challenge himself and improve.

Recently, Aiden was invited to participate in an international football development experience in London, England, recognizing his commitment to continued growth.

We congratulate Aiden on this opportunity and look forward to seeing him continue his development.

THIS WEEK IN TRAINING

WEEKEND OBSERVATIONS HELP OUR COACHES SHAPE THE NEXT WEEK'S TRAINING

MINI BEES

BALL CONTROL / CHANGING DIRECTION / LEARNING THROUGH PLAY

Fun games will help our youngest Bees practice small touches, stopping the ball, and changing direction while building confidence.

U8 COED

PURPOSEFUL DRIBBLING / 1V1 ATTACKING / RECOGNIZING SPACE

Practice changes of direction, attack open space, and try new skills with the freedom to experiment.

U10 BOYS

BUILDING FROM THE BACK / SUPPORTING ANGLES / SWITCHING PLAY

Create passing options, recognize when to change the point of attack, and make thoughtful decisions when moving forward.

U12 GIRLS

ATTACKING & DEFENDING / CONNECTING SKILLS TO TEAM PLAY

Introduce one attacking principle and one defending principle, building understanding step by step.

U13 BOYS

COMMUNICATION / MOVEMENT / TEAM CONNECTIONS

Create and use space, support the ball, and recognize opportunities to play forward with intent.

COACH'S CORNER

PROGRESS BEYOND THE SCOREBOARD

Growth isn't always reflected in the final score. Recognizing space, supporting a teammate, or confidently trying a new skill are important steps forward. Ask your player, "What did you try?" or "What did you learn?" to help celebrate their progress.
